*Description:*

Teresa is a vegetarian and a successful astrophysicist who lives with her girlfriend, Daniela, in the Canary Islands. After years of self-exile, Teresa returns to Puerto Rico to invite the family to her wedding. But the Díaz family, who lives in a rural town, are a conservative and well-to-do family who control much of the poultry industry in Puerto Rico. No one in the family is what/who they appear and none is willing to reveal their most intimate secrets...
